

100-Point Mushroom Wellness Transparency Score

Scoring rubric from the 2026 Mushroom Wellness Transparency Report

Each dimension is scored from 0 to 10 points. The score evaluates public-facing disclosure quality only - not product safety, efficacy, legality, or clinical value.

Dimension	Max	What it measures
COA Visibility	10	Batch-specific Certificate of Analysis accessible before purchase from a named third-party lab.
Lab Panel Clarity	10	Visible potency and contaminant panel where relevant: heavy metals, microbials, pesticides, and solvents.
Ingredient Transparency	10	Species identity, format, extraction method, standardization, and no vague proprietary concealment.
Dosage Clarity	10	Per-serving amounts, serving size, strength, and basic use-context language stated plainly.
Medical Claim Restraint	10	No disease-treatment, cure, or medication-replacement language.
Legal Disclaimers	10	Careful jurisdictional language, DSHEA-style limits, and no unsupported legal claims.
Support Availability	10	Reachable company: support path, about page, named location or accountable contact.
Shipping Transparency	10	Carriers, timing, cutoff, delivery expectations, and lost-order policy.
Review Visibility	10	Independent review footprint where available: Trustpilot, BBB, Google Business Profile, or similar.
Refund/Replacement Clarity	10	Dedicated policy, window, conditions, and clear next steps.

Grade ranges

Score	Grade	Meaning
90-100	A	High transparency
75-89	B	Strong transparency

Score	Grade	Meaning
60-74	C	Partial transparency
40-59	D	Low transparency
Below 40	F	Very low transparency
